Index to Volume 55, 2001

Authors

Apache, RRG:*Assessing lower extremity function in multiple sclerosis patients by reaction time, Spring 2001*, p. 13.
Armstrong, WJ: see Yaggie, JA, *Winter 2001*, p. 75.
Aufsesser, PM: see Yaggie, JA, Summer 2001, p. 44
Croce, R: see Horvat, M, *Summer 2001*, p. 37.
Croce, R: see Ramsey, V, *Fall 2001*, p. 59.
Fasko, D., Jr.:*T'ai Chi Ch'uan and physical and psychological health: A review, Spring 2001*, p. 4.
Grueninger, RW: see Fasko, D, *Spring 2001*, p. 4.
Horvat, M: *Changes in peak torque and median frequency of the EMG subsequent to a progressive resistance exercise program in older women, Summer 2001*, p. 37.
Horvat, M: see Ramsey, V, *Fall 2001*, p. 59.
Horvat, M: see Rubin, SS, *Fall 2001*, p. 65.
Jackson, D: see Apache, RRG, Spring 2001, p. 13.
Kasser, SL, *Psychological well-being and exercise behavior in persons with and without multiple sclerosis, Winter 2001*, p. 81.
Keeney, R: see Horvat, M, *Summer 2001*, p. 37.
Kozub, FM: *Motor task persistence and modified individual achievement responsibility scale scores of children with learning disabilities, Fall 2001*, p. 52.
Mattson, DH: see Apache, RRG, *Spring 2001*, p. 13.
McCarthy, E: see Horvat, M, *Summer 2001*, p. 37.
Poon, L: see Horvat, M, *Summer 2001*, p. 37.
Poretta, DL: See Kozub, FM, *Fall 2001*, p. 52.
Ramsey, V: *Gait characteristics before and after knee replacement surgery: A case study, Fall 2001*, p. 59.
Riach, C: see Vamos, L, *Summer 2001*, p. 13.
Rubin, SS: *Effects of physiologic status on the auditory P300 event-related potential, Fall 2001*, p. 65.
Staub, KJ: see Rubin, SS, *Fall 2001*, p. 65.
Stuart, ME: See Kasser, SL, *Winter 2001*, p. 81.
Vamos, L: *Strength training and postural stability in healthy older adults, Summer 2001*, p. 28.
Yaggie, JA: *Student interest in educational opportunities in kinesiotherapy, Summer 2001*, p. 44.
Yaggie, JA: *Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001*, p. 75.

Subjects

Allied Health
Student interest in educational opportunities in kinesiotherapy, Summer 2001, p. 44.
Cerebral Palsy
Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001, p. 75.
Curriculum Development
Student interest in educational opportunities in kinesiotherapy, Summer 2001, p. 44.
Diplegia
Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001, p. 75.
Elderly
Strength training and postural stability in healthy older adults, Summer 2001, p. 28.
EMG
Changes in peak torque and median frequency of the EMG subsequent to a progressive resistance exercise program in older women, Summer 2001, p. 37.
Exercise
T'ai Chi Ch'uan and physical and psychological health: A review, Spring 2001, p. 4.
Changes in peak torque and median frequency of the EMG subsequent to a progressive resistance exercise program in older women, Summer 2001, p. 37.
Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001, p. 75.
Psychological well-being and exercise behavior in persons with and without multiple sclerosis, Winter 2001, p. 81.
Gait Analysis
Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001, p. 75.
Information Processing
Assessing lower extremity function in multiple sclerosis patients by reaction time, Spring 2001, p. 13.
Kinesiotherapy Educational Programs
Student interest in educational opportunities in kinesiotherapy, Summer 2001, p. 44.
Multiple Sclerosis
Assessing lower extremity function in multiple sclerosis patients by reaction time, Spring 2001, p. 13.
Psychological well-being and exercise behavior in persons with and without multiple sclerosis, Winter 2001, p. 81.
Peak Torque
Changes in peak torque and median frequency of the EMG subsequent to a progressive resistance exercise program in older women, Summer 2001, p. 37.
Posture
Strength training and postural stability in healthy older adults, Summer 2001, p. 28.
Professional Preparation
Student interest in educational opportunities in kinesiotherapy, Summer 2001, p. 44.
Psychological Well-Being
Psychological well-being and exercise behavior in persons with and without multiple sclerosis, Winter 2001, p. 81
Reaction Time
Assessing lower extremity function in multiple sclerosis patients by reaction time, Spring 2001, p. 13.
Relaxation
T'ai Chi Ch'uan and physical and psychological health: A review, Spring 2001, p. 4.
Spasticity
Spastic diplegic cerebral palsy: A brief introduction to its characteristics, assessment and treatment options, Winter 2001, p. 75.
Strength Training
Strength training and postural stability in healthy older adults, Summer 2001, p. 28.
Stress
T'ai Chi Ch'uan and physical and psychological health: A review, Spring 2001, p. 4.
T'ai Chi Ch'uan
T'ai Chi Ch'uan and physical and psychological health: A review, Spring 2001, p. 4.
Vision
Strength training and postural stability in healthy older adults, Summer 2001, p. 28.
